

POWER INTO SUMMER

Save \$3,000 on the V8-300C

With summer just around the corner, Volvo Penta is offering a saving of \$3,000 on a next generation V8-300C engine complete with duo propeller drive. This outstanding 8 cylinder, 5.3 litre, freshwater cooled, direct injected gasoline engine with catalyst offers its owner impressive handling, exceptional acceleration power and low emissions. Stocks are limited so contact Seamech to find your local Authorised Volvo Penta dealer.
